I live across from Lake Hills subdivision. When it was developed the surrounding neighborhood was promised we would have access to the park and trail via a path. This was stated at April/May plan commission meetings in 2003. To date access is still not available despite published map from [WWW.nirpc.org](http://WWW.nirpc.org) greenways + blueways northwest Indiana regional map showing a path. I have included with this letter two pictures and also a Map.

Listening on U-TUBE to park board meetings town is looking to use some grant money due to expire. Please consider this long overdue project.

Thank You
